Allowable Subject Matter

Claims 1-3 and 9-12 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 1, 3 and 10-12 are allowable over the prior art because Claim 1 sets forth a portable signal light with a tubular lamp portion telescopically fitted to a tubular grip portion and battery operated light emitting diodes controlled by an infrared remote control and a main switch to turn the light emitting diodes on and off and a change switch for continuous lighting or a flashing lighting states. This combination of limitations was not shown or suggested by the prior art. Claims 2, 3 and 12 are allowable over the prior art because Claim 2 sets forth a portable signal light with a tubular bar-like support portion with a light emitting lamp portion telescopically fitted to a tubular grip portion and battery operated light emitting diodes controlled by an infrared remote control with the light emitting lamp portion detachably mounted to the support portion. This combination of limitations was not shown or suggested by the prior art. Claims 9-11 are allowable over the prior art because Claim 9 sets forth a portable signal light with a tubular bar-like support portion with a light emitting lamp portion telescopically fitted to a tubular grip portion and battery operated light emitting diodes controlled by an infrared remote control and a main switch to turn the light emitting diodes on and off and a change switch for continuous lighting or a flashing lighting states. This combination of limitations was not shown or suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
